

References for the 'A to Z'

The following list is not exhaustive, but provides examples of the Christadelphian sources available in relation to some of the topics discussed in the 'A to Z'. *Testimony* articles have not been included. One source in particular which has also not been listed is the annual *Milestones to the Kingdom* written by Brother Don Pearce, and before him the late Brother Graham Pearce, and published by the Christadelphian Scripture Study Service. In addition to a consideration of world events in the light of Bible prophecy, they contain very good overviews of the main prophecies relating to the time of the end.
